

FRIENDS OF THE MOUNTAINS-TO-SEA TRAIL

FINANCIAL STATEMENTS

DECEMBER 31, 2020 and 2019

MADDISON & CAISON, LLP
CERTIFIED PUBLIC ACCOUNTANTS
RALEIGH, NORTH CAROLINA

Independent Auditor's Report

To the Board of Directors
Friends of the Mountains-to-Sea Trail
Raleigh, North Carolina

We have audited the accompanying financial statements of Friends of the Mountains-to-Sea Trail ("Friends") which comprise the statements of financial position as of December 31, 2020 and 2019, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design the audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes assessing the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Friends of the Mountains-to-Sea Trail as of December 31, 2020 and 2019, and changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

FRIENDS OF THE MOUNTAINS-TO-SEA TRAIL
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 and 2019

Note 1 - Organizational Purpose

Friends of the Mountains-to-Sea Trail (“Friends” or the “Organization”) was incorporated in the State of North Carolina in 1997 and is a tax-exempt, nonprofit organization as defined under Section 501(c)(3) of the Internal Revenue Code. The mission of Friends is building, protecting and promoting a foot trail across the State of North Carolina for the enjoyment and education of people. The Organization’s four major programs are trail building and maintenance, education, trail routing, and advocacy. The Organization’s support consists primarily of contributions from the general public, as well as from corporate, foundation and government grants.

Note 2 – Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles.

Basis of Presentation

The Organization’s financial statement presentation follows the recommendations of the Financial Accounting Standards Board (“FASB”) in its Statement of Financial Accounting Standards ASC 958, *Not-for-Profit Entities*.

Cash and Cash Equivalents

The Organization considers all highly liquid instruments purchased with an original maturity of three months or less to be cash equivalents.

Receivables

The Organization records as receivables any pledges that are unconditional promises to give and grants that have been awarded in writing. These pledges and grants receivable are classified as current or non-current based on the amount of time estimated to collect as indicated by the donor’s stated intention or by the terms of the grant award. No allowance for uncollectible pledges or grants has been recorded as of December 31, 2020 and 2019, as Friends’ management estimates all will be collected.

Inventory

Inventory consists of apparel bearing the Friends’ logo, publications, and other miscellaneous items. Publications include *Great Hikes of the Mountains-To-Sea Trail* and other titles authored by the Organization for which the Organization receives royalties. Inventory is stated at the lower of cost or net realizable value on an average cost basis. Inventory sales are presented net of cost of goods sold, including third-party fees, shipping and handling, of \$7,470 and \$7,855 for the years ended December 31, 2020 and 2019, respectively.

Fixed Assets

Fixed assets are stated at cost at date of acquisition or at fair market value at the date of donation. Depreciation is recorded on a straight-line basis over the estimated useful life of the asset, typically three to seven years. The Organization expenses small tools and supplies used for trail maintenance. Ownership of any constructed or purchased trail assets, such as bridges and signs, reverts to the associated land managing agency.

FRIENDS OF THE MOUNTAINS-TO-SEA TRAIL
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 and 2019

Note 2 – Significant Accounting Policies (continued)

Net Assets

Net assets and revenues received are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net assets without donor restrictions – net assets available for use in general operations and not subject to donor restrictions.

Net assets with donor restrictions – net assets subject to donor-imposed restrictions that are temporary or perpetual in nature. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed and/or when the stipulated purpose for which the resource was restricted has been fulfilled.

Contributions

Contributions that are restricted by donors are reported as increases in net assets without donor restrictions if the restrictions expire in the reporting period in which the support is recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions, depending on the nature of the restrictions. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

Contributed Services

The Organization receives a substantial amount of services donated by its members and other volunteers in carrying out the Friends' mission. No amounts have been recorded in the financial statements for those services since they do not meet the criteria for recognition under generally accepted accounting principles. Contributed services are recognized for those that require specialized skills. For the years ended December 31, 2020 and 2019, Friends recorded \$12,417 and \$17,709, respectively, in donated professional services with corresponding recognition of professional fees expense.

Functional Allocation of Expenses

The costs of program and supporting services of the Organization have been summarized on a functional basis in the statements of activities. The statements of functional expenses present the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and general and administrative services benefited.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

FRIENDS OF THE MOUNTAINS-TO-SEA TRAIL
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 and 2019

Note 3 - Change in Accounting Principle

As of December 31, 2019, the Organization has adopted and implement ASU 2018-08 – *Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made*. The Organization regularly receives grants which fit the definitions of conditional and unconditional grants with and without donor restrictions per ASU 2018-08. As such, conditional grants are recognized as revenue when the conditions have been substantially met and unconditional grants are recognized as revenue in the period awarded. Unconditional grants with donor restrictions are included in net assets with donor restrictions at year end to the extent the donor restrictions have not been satisfied. The Organization applied the ASU on a modified prospective basis.

Note 4 – Liquidity and Availability

Financial assets without donor or other restrictions limiting their use that are available for general expenditure within one year of December 31, 2020 are as follows:

Cash and cash equivalents	\$ 561,326
Receivables	18,362
Less board designations	(96,059)
Less restrictions	<u>(326,345)</u>
Total	<u>\$ 157,284</u>

Management believes these assets are sufficient to provide for operations in the coming year as Friends has a stable history of significant contributions and grants to fund general operational activities. To manage liquidity, management regularly prioritizes expenditures and adheres to a detailed monthly budget plan.

Note 5 - Concentrations of Risk

Cash balances are deposited at a local financial institution in Friends' accounts, which are insured by the Federal Deposit Insurance Corporation ("FDIC") up to \$250,000. At December 31, 2020, Friends had \$309,550 on deposit in excess of federally insured limits. Friends believes there is minimal risk regarding its cash and cash equivalents.

Receivables consist of awarded grants and unconditional promises to give. The Organization does not believe it is exposed to any significant credit risk from these receivables.

The Organization received approximately 29% and 17% of its support from three sources for the year ended December 31, 2020 and 2019, respectively.

FRIENDS OF THE MOUNTAINS-TO-SEA TRAIL
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 and 2019

Note 6 – Beneficial Interest in Assets Held by Community Foundation

On December 20, 2010, the Organization signed an agency endowment agreement to establish an endowment fund with the North Carolina Community Foundation (the “Foundation”). According to the agreement, the Foundation has legal ownership and fiduciary control of the assets in the fund, investing and distributing principal and interest according to its policies and procedures for such agency endowments. The agreement grants variance power to the Foundation, meaning the Foundation can re-designate the funds for a beneficiary other than the Organization in the unlikely event that its board of directors should deem the charitable purpose of the fund to be unnecessary, undesirable, impractical, incapable of fulfillment or inconsistent with the charitable needs of the community. As a policy of the Foundation, normally 5% of the endowment fund’s average balance over a twelve-quarter period is available for distribution to the Organization upon request. However, per the Foundation’s policies related to agency endowment funds, there is a mechanism whereby the Organization could request, in extenuating circumstances, a distribution of all assets in the fund.

Because Friends is the named beneficiary of future distributions from the fund and because it intends to hold the beneficial interest long-term, it has recorded its beneficial interest in the assets held by the Foundation (the “beneficial interest”) as a long-term asset at fair value with a corresponding segregation of net assets on the statements of financial position. Investment income from the beneficial interest is reported net in the statements of activities and consists of interest, dividends, and realized and unrealized gains and losses, less direct investment expenses of \$788 and \$701 for the years ended December 31, 2020 and 2019, respectively.

From inception through December 31, 2020, the Organization’s board of directors has transferred \$51,612 of net assets without donor restrictions to the Foundation. In addition, the Organization has received and transferred to the Foundation \$13,510 in contributions restricted by donors for the endowment that are considered restricted in perpetuity. As a result, the Organization’s net assets related to this beneficial interest are classified in part as net assets without donor restrictions – board designated and in part as net assets with donor restrictions. There are no donor restrictions to date placed on net investment income from the beneficial interest, and therefore, net investment income is accumulated and included with the unrestricted board designated portion of the beneficial interest on the statements of financial position.

The Organization follows North Carolina G.S. 116, Chapter 36E, *Uniform Prudent Management of Institutional Funds Act (“UPMIFA”)* with regard to its beneficial interest. The board of directors interprets UPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted funds absent explicit donor stipulations to the contrary. As a result of this interpretation and subject to the donor restrictions, the Organization classifies as net assets with donor restrictions related to this beneficial interest (a) the original value of permanent gifts to the permanent fund, (b) the original value of subsequent restricted gifts to the permanent fund, and (c) accumulations to the permanent fund made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

 NOTES TO FINANCIAL STATEMENTS
 DECEMBER 31, 2020 and 2019

Note 6 – Beneficial Interest in Assets Held by Community Foundation (continued)

ASU 2011-04, Fair Value Measurement (Topic 820) – *Fair Value Measurement and Disclosure* defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. This statement establishes a fair value hierarchy regarding the assumptions used to measure fair value and clarifies assumptions about risk and the effect of a restriction on the sale or use of an asset. FASB Accounting Standards Codification (“ASC”) 820-10 defines fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. FASB ASC 820-10 also establishes a fair value hierarchy that requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

The standard describes three levels of inputs that may be used to measure fair value:

Level 1: Quoted prices (unadjusted) of identical assets or liabilities in active markets that the entity has the ability to access as of the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, and other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect an organization’s own assumptions about the assumptions that market participants would use in pricing an asset or liability.

The assets related to the Organization's beneficial interest are invested in the Foundation's larger portfolio. The Organization’s share of the Foundation’s assets constitutes a Level 2 investment; although the Organization has granted variance power to the Foundation, it has retained the ability to redeem its investment at net asset value per share or its equivalent at the measurement date.

The recorded fair value of this beneficial interest as of December 31, 2020 and 2019 was \$86,496 and \$76,124, respectively.

The following is a reconciliation of endowment fund activity as of and for the years ended December 31:

	<u>2020</u>	<u>2019</u>
Beginning balance	\$ 76,124	\$ 63,389
Board designated contributions		
Memorial gifts	-	2,500
Investment return	11,160	10,936
Fees	(788)	(701)
Ending balance	<u>\$ 86,496</u>	<u>\$ 76,124</u>

FRIENDS OF THE MOUNTAINS-TO-SEA TRAIL
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 and 2019

Note 6 – Beneficial Interest in Assets Held by Community Foundation (continued)

The following is a breakdown of endowment fund assets by net asset classification as of December 31:

	<u>2020</u>	<u>2019</u>
Board contributions	\$ 51,612	\$ 51,612
Cumulative investment return	21,374	11,002
Board designated funds	<u>72,986</u>	<u>62,614</u>
Donor restricted funds	13,510	13,510
Total endowment	<u>\$ 86,496</u>	<u>\$ 76,124</u>

The Organization has entrusted the Foundation to achieve its return objectives for stable, long-term growth. The Organization intends to follow a 5% spending policy whereby it will accept distributions from earnings of up to 5% of the corpus annually. Since inception, the Organization has not requested any distributions from the Foundation. The Organization does not intend to make appropriations from the fund if it is in an “underwater” position, that is if cumulative unrealized losses have been greater than earnings plus unrealized gains, net of fees.

Note 7 – Deferred Revenue

Deferred revenue as of December 31, 2019 is comprised of program event deposits as well as any conditional grant funds awarded to the Organization in advance of expenses submitted for reimbursement.

Note 8 – Line of Credit

On April 19, 2016, Friends opened a \$150,000 revolving line of credit with a local financial institution for use in the event that project expenses deplete operating cash before reimbursements are made by granting agencies. Draws on the line of credit accrue interest at an annual rate of prime plus .5% and are due in full at maturity on April 20, 2021. The line of credit had a zero balance as of December 31, 2020 and 2019.

Note 9 - Lease Commitments

On November 15, 2018, Friends signed a lease for office space that began January 1, 2018 and ended on December 31, 2020. Monthly rent under this lease for the year ended December 31, 2020 and 2019 was \$1,009 and \$980, respectively. On August 27, 2020, Friends signed a lease for office space that will begin on January 1, 2021 and end on December 31, 2021. Under this lease, Friends future obligation for monthly rent will be \$1,200 or \$14,400 for the year ended December 31, 2021.

FRIENDS OF THE MOUNTAINS-TO-SEA TRAIL
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 and 2019

Note 10 – Net Assets Without Donor Restrictions – Board Designated

The Organization reported net assets without donor restrictions designated by the board for the following purposes as of December 31:

	<u>2020</u>	<u>2019</u>
HRA Reserve	\$ 10,000	\$ 10,000
Burton Fund	<u>13,073</u>	<u>13,073</u>
Total	<u>\$ 23,073</u>	<u>\$ 23,073</u>

Note 11 – Net Assets With Donor Restrictions

The Organization reported net assets restricted by donors for the following purposes as of December 31:

	<u>2020</u>	<u>2019</u>
40th Anniversary Fund		
Bridges & boardwalks	\$ 59,884	\$ 59,884
Tools & trail materials	10,000	10,000
Signs	38,620	45,380
Coastal Crescent	108,566	102,697
OBX/Caretret County	50,000	-
Belews Lake	26,268	-
Land fund	10,000	-
Memorials	4,107	400
Guilford & Oak Ridge	2,240	2,240
Harper Creek & Lost Cove	1,500	1,000
Orange County	1,000	34,500
Other purposes	<u>650</u>	<u>5,445</u>
Total	<u>\$ 312,835</u>	<u>\$ 261,546</u>

Note 12 – Allocation of Functional Expenses

Certain expenses in these financial statements are attributable to more than one program or supporting function. Under ASU 2016-14, these expenses must be allocated over functional categories on a reasonable basis that is consistently applied. Accordingly, the Organization has allocated salaries and related benefits and taxes based on an analysis of staff time and efforts. Rent, depreciation, insurance and office supplies follow the salary allocation percentages. Other expenses such as contract services, professional fees, equipment rental and maintenance, postage, printing, trail tools and supplies, and travel are allocated on an individual invoice basis or on an analysis of direct consumption.

FRIENDS OF THE MOUNTAINS-TO-SEA TRAIL
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2020 and 2019

Note 13 – Retirement Plan

On July 1, 2008, Friends adopted a SIMPLE retirement plan for eligible employees. Employees may contribute up to the maximum allowed by law. Friends makes a contribution of up to 3% of salary for eligible employees. For the years ended December 31, 2020 and 2019, Friends recorded \$4,758 and \$4,790 in retirement matching expense, respectively.

Note 14 – Income Taxes

Friends is a tax-exempt, not-for-profit organization under Section 501(c)(3) of the Internal Revenue Code. Therefore, no provision for income taxes has been recorded on the financial statements.

The Organization's management has evaluated its tax positions as of December 31, 2020 and believes they exceed the "more likely than not" standard set by FASB ASC 740-10. Consequently, it has not recorded a liability for any potentially imposed taxes or any potentially unrecognized tax benefits.

Note 15 – Uncertainties and Subsequent Events

The Organization's management has evaluated subsequent events through July 15, 2021, the date on which the financial statements were available to be issued. No additional adjustments or disclosures were determined to be necessary. Consideration has been given to the actual as well as the uncertain effects of the COVID-19 pandemic on the Organization's financial position and the changes in its net assets and its cash flows after December 31, 2020, through July 15, 2021, and thereafter.

Friends applied for a Paycheck Protection program loan on April 3, 2020. Funds received in the amount of \$39,700 were used according to the requirements of the loan program in 2020. The loan was forgiven on November 23, 2020, and the proceeds were converted to grant income for the year ended December 31, 2020.

In management's judgment, the COVID-19 pandemic does not present an existential threat to the Organization itself, and further, management has determined that conditions are not such that there is substantial doubt about the Organization's ability to operate for another twelve months from July 15, 2021. It is reasonably possible that estimates related to the contingencies and uncertainties surrounding the COVID-19 pandemic will change within one year of the date of the financial statements due to one or more confirming events and that the effect of the change would be material to the financial statements.

Note 16 - Reclassifications

Certain reclassifications were made to the December 31, 2019 financial statements in order to conform to the December 31, 2020 financial statement presentation.
