

FRIENDS OF THE MOUNTAINS-TO-SEA TRAIL

2022 ANNUAL REPORT

Dear Members and MST Enthusiasts:

2022 was an exciting year for Friends of the Mountains-to-Sea Trail, and for the Mountains-to-Sea Trail (MST) itself as the trail celebrated its 45th anniversary.

The year began with the retirement of our long-time Executive Director Kate Dixon, and her successor, Brent Laurenz, officially joined the staff in January.

We were able to celebrate the trail's 45th anniversary at Lake Junaluska in April at our annual Gathering of Friends at the very spot where it was first proposed by Howard Lee in 1977. It was exciting to gather in person again after two years apart.

The MST continued to grow in popularity with North Carolinians and visitors alike, and we saw a record number of people complete the trail in 2022. We were heartened to see that so many people who turned to trails for recreation, mental and physical well-being or just solace in nature during the pandemic were still enjoying the outdoors in 2022.

In 2022, we worked with our partners at State Parks to develop a five-year plan for implementing the unprecedented funding for state trails as part of the Complete the Trails Program (CTP), which was included in the state's budget at the end of 2021. We identified dozens of projects from the mountains to the sea to improve and further develop the MST as we work to create more natural surface trail.

The state funding allowed us to begin tackling long-standing projects and by the end of the year we had already finished our first CTP project, a new trail bridge near Jones Lake State Park in Bladen County. That project was the first one in the entire state to be completed using funds from the Complete the Trails Program. Moving forward, this funding will be a game-changer for the MST.

2022 saw big changes for the organization but, as always, we remain committed to our core activities:

- Helping all people find and enjoy the trail and get involved.
- Working toward a fully off-road trail by securing land and easements.
- Maintaining built sections of trail so they are safe, accessible, and have minimal impact on the surrounding natural environment.
- Ensuring that our activities and the trail itself are welcoming to everyone, including people from underrepresented communities.
- Engaging volunteers to support the trail and build a trail community.
- Raising funds to accomplish all these goals.

I'm proud to be part of an organization doing great work at such a critical time, and with so many opportunities to grow and improve the MST in the coming years. As a member of the MST community, I welcome you to join us in the effort because I know that working together we can meet this moment.

Thank you,
Marcia Bromberg
Board President 2022

The Mountains-to-Sea Trail at 45 Years

2022 marked the 45th anniversary of the Mountains-to-Sea Trail (MST). It was in 1977 that Howard Lee, then Secretary of Natural Resources and Community Development, spoke at a trails conference in Lake Junaluska and proposed the idea of a trail crossing all of North Carolina to connect the mountains to the seashore. As we acknowledged that historic moment, in many ways 2022 also marked a transition point for the MST and Friends of the Mountains-to-Sea Trail. For Friends of the MST, long-time Executive Director Kate Dixon officially retired and new Executive Director Brent Laurenz stepped into the role. For the trail, the end of 2021 saw the state of North Carolina invest millions of dollars in trails, giving the organization the ability and opportunity to grow the MST in ways only dreamed of before.

As we all grew better equipped to handle COVID, life also mostly returned to normal throughout 2022. Fortunately, the love people found for the MST, trails and the outdoors during the peak of the pandemic did not seem to diminish, and we welcomed more and more people

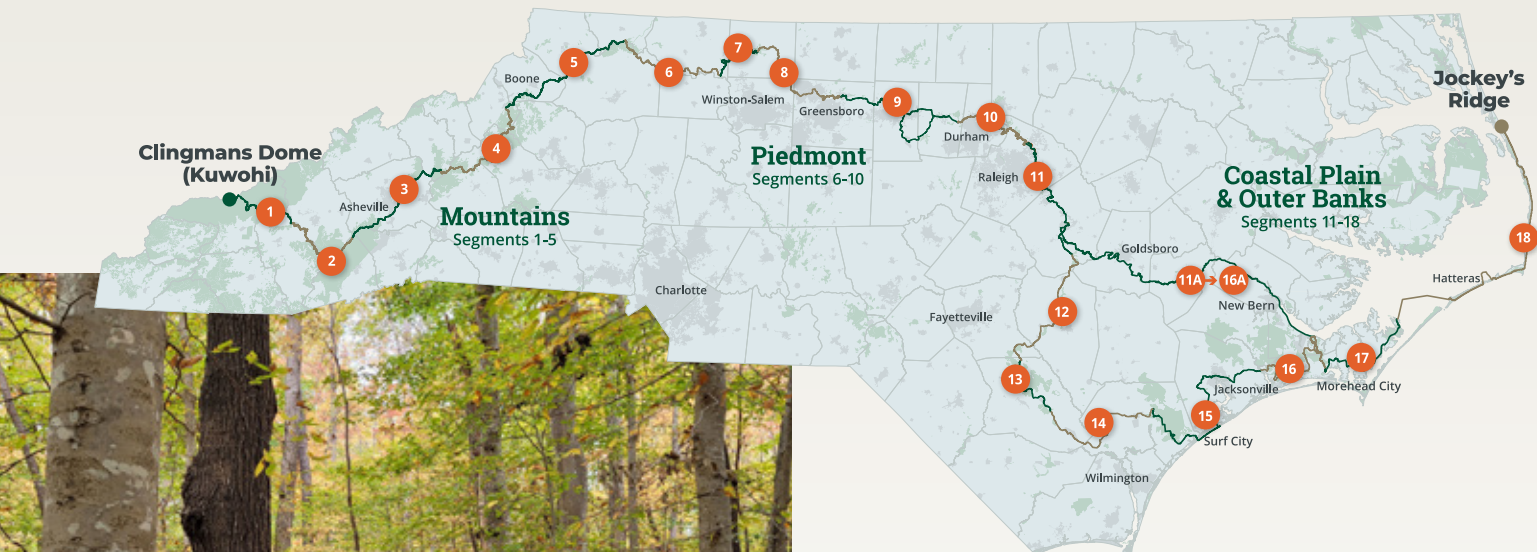

to the MST community. And our volunteers continued to work on the trail and help grow the trail family. Everyone at Friends of the MST is inspired to see what this growing community will do in the years to come.

Complete the Trails Program

We began 2022 working with State Parks to outline a five-year plan for how to leverage Complete the Trails Program (CTP) funds, which represent an unprecedented investment by the state of North Carolina in trails, including the Mountains-to-Sea Trail. Nearly \$30 million was included in the state budget passed at the end of 2021, which included money for trail development and land acquisition. The MST was allocated approximately \$5 million of that funding to be put toward trail planning and design, trail construction, maintenance, bridges and boardwalks, trail amenities and more with the express purpose of growing and improving the physical path of the MST.

Our five-year plan identified nearly 40 projects from the mountains to the sea and by the end of 2022 we were able to complete our first project using CTP funds, a trail bridge in Bladen County. In fact, we were the first state trail group to complete a project with these new funds in the entire state!

Cover: MST in Croatan National Forest © Brent Laurenz;
Above from left: Building brick pathway in Roseboro © Ben Jones;
 Hikers at Falls Lake © Jerry Barker

SEGMENT 12

We completed the first phase of a brick pathway following the old railroad bed through downtown Roseboro. 30 volunteers contributed more than 500 hours of time to build this new section.

SEGMENT 13

We finalized design and received approval to build a bridge over the Jones Lake Drain in Turnbull Creek Educational State Forest, adjacent to Jones Lake State Park. By the end of 2022, we used CTP funding to build the bridge and open a new one-mile section of the MST. This was the first ever completed project using CTP funds!

Guidebooks, Signs and Kiosks

Our guidebook, *Great Day Hikes on North Carolina's Mountains-to-Sea Trail*, continues to be a resource for people looking to tackle short hikes on the MST and has proven popular with people brand new to the trail and veteran MST hikers alike.

We continue to maintain our online trail guides, regularly updating them as conditions on the ground change. In 2022, we also began working with FarOut to develop an app for hiking the MST.

Newly designed Friends of the MST trailhead kiosks were installed in Oak Ridge and at Bentonville Battlefield State Historic Site. Our goal is to install these kiosks across the trail where possible, helping to create a cohesive look for the MST as well as providing a much-needed resource for hikers.

MST at Falls Lake © Brent Laurenz

That was just the beginning. This state funding will prove transformative for the MST in the coming years as we leverage funds from this program to plan and design new trail sections, acquire access to new land for trail, build new trail, design and construct bridges and other needed trail infrastructure, and support efforts to ensure the MST is sustainable for the future.

New Trail

Working with our partners, and with the help of volunteers, we were able to open new sections of trail in 2022.

SEGMENT 6

0.6 mile of new trail opened in Surry County near Elkin, the Spice Farm trail, with future plans to connect to the Friendship Trail.

SEGMENT 8

3.1 continuous miles of new trail were opened in Guilford County, connecting Cascades Preserve, a gravel side path along Haw River and Pepper Roads, and the Town of Oak Ridge's beautiful property along the headwaters of the Haw River out to Linville Road.

Trail Improvements

In 2022, our dedicated team of MST volunteers put in a total of 44,023 volunteer hours—a new record! As with every year, our volunteers play a critical role in ensuring the MST remains safe and accessible. From clearing downed trees to repairing bridges to dealing with erosion issues on the trail tread, the MST simply wouldn't function without their hard work and dedication. Volunteer trail crews, or task forces, worked hard in every segment of the trail to keep the trail open and safe, and below are just some of the highlights.

SEGMENT 2

Our partners in the Carolina Mountain Club (CMC) continue to do amazing work maintaining trails in the western part of the state, including the majority of MST Segments 1-3. In 2022, CMC helped with a major rebuild to the MST and access trails around Skinny Dip Falls. Volunteers also continued work on a years-long project to rehabilitate a particularly difficult-to-maintain section of the MST dubbed the “Forgotten 14” due to its remoteness and difficulty in accessing it for regular trail maintenance.

SEGMENT 3

CMC worked on a rebuild of the MST section from the Glassmine Falls Overlook on the Blue Ridge Parkway and also improved the MST from Rattlesnake Lodge most of the way up to Rich Knob.

SEGMENT 7

Sauratown Trails Association reopened a 0.1-mile stretch of trail that had been badly damaged, requiring a diversion to the road.

SEGMENT 8

Volunteers replaced nearly 100 feet of boardwalk on the MST near Greensboro.

SEGMENT 9

The MST near Stoney Creek Marina, that had been badly damaged by unauthorized ATV use, was rerouted to create a more sustainable 0.6-mile section of trail.

Volunteers worked on rerouting trail at Occoneechee Mountain State Natural Area, near Hillsborough, that will one day become part of the MST.

SEGMENT 10

Litter pickup along the MST at Falls Lake continues to be a big job, led by a tremendous group of volunteers out there on a regular basis working to protect the water and keep the MST beautiful. Volunteers also worked to ensure the many footbridges around Falls Lake remained safe for hikers and improved the trail in wet areas to ensure the trail is sustainable.

SEGMENT 16

Volunteers installed new signage and scouted potential trail route improvements for this part of the trail.

Trail Planning

Trail planning efforts took on a new life in 2022 with the development of our five-year plan with State Parks and the funding resources available to the MST through the Complete the Trails Program.

Some of the highlights from our 2022 planning work include:

- **Bentonville Battlefield:** Working with our partners at Bentonville Battlefield State Historic Site, we began planning for a new section of trail there that would shift hikers off the road and connect to an existing 2.3 miles of MST. By the end of 2022, we flagged a preliminary route and had a plan in place to use CTP funds to build the new trail.
- **Jockey's Ridge:** Finalized plans and received official approval from State Parks to construct an Eastern Terminus Monument at Jockey's Ridge State Park.
- **Pondberry Bay Preserve:** Worked with local and state partners on an agreement to allow public access to the preserve and planned for future trails in the area.
- **Bladen Lakes State Forest:** After completing the bridge over the Jones Lake Drain, we shifted to begin planning and design work for a second bridge in the area that will cross Turnbull Creek. Upon completion of the second bridge, seven new miles of MST will be added to the area.
- **Surry County:** The County spearheaded a master planning process for the MST.

The Gathering of Friends and Birthday Month

We celebrated the MST's 45th anniversary by hosting an in-person Gathering of Friends for the first time since 2019. The multi-day event was held at Lake Junaluska where the trail was first proposed in 1977 by Howard Lee. It was a special honor to return to the very room of the MST's inception for Howard Lee to give a stirring speech recalling that momentous day in 1977 and highlighting all the great progress on the trail since. We also had a performance from the Eastern Band of Cherokee Indians, a roundtable conversation with leaders from State Parks, National Park Service and US Forest Service, an update on the State of the Trail, a fond farewell to recently retired Executive Director Kate Dixon, an introduction to new

Executive Director Brent Laurenz, and countless opportunities to come together and celebrate the MST community. Thanks to our partners at the Carolina Mountain Club, we also offered many opportunities to hike in the area and learn trail maintenance techniques.

Our 45th birthday in September featured a virtual birthday celebration, group hikes across the state, a 45-mile Challenge and a special fundraiser to support the trail. The MST's birthday month is always a great opportunity to celebrate the MST community, and 2022 was extra special as we honored the 45th anniversary of the MST.

Challenges

40 HIKE CHALLENGE, COMPLETERS

2022 was again a record-breaking year for MST completers, with 33 adventurous hikers finishing the entire trail.

The MST continues to grow in popularity and at Friends of the MST we're constantly looking for ways to improve and enhance the experience for long-distance hikers.

The 40 Hike Challenge was launched in 2020 to coincide with the release of our day hike guide, *Great Day Hikes on North Carolina's Mountains-To-Sea Trail*. In 2022, 22 total people explored the trail across the state to complete the challenge. The 40 Hike Challenge continues to be a great way for people to experience the diversity of the MST without taking on the whole trail.

Trails Coalition

In 2022, North Carolina State Parks began to implement the Complete the Trails Program (CTP), unprecedented funding from the state that was included in the 2021 budget, which was a key victory for the Great Trails State Coalition (GTSC). Friends of the MST is a founding member of GTSC, a broad-based coalition of organizations, agencies and supporters that advocates for all types of trails in North Carolina — hiking, paddling, mountain biking, equestrian and paved — and in 2022 the coalition added many new members. The coalition also worked together on plans to increase funding for all trails in the state and to highlight the value trails bring to our communities.

We also spent time in 2022 working with our coalition

Top left: Tough Love, Champ and Out and About complete the MST together; **Middle:** Volunteers at work in Guilford County © Greg Yahn; **Top right:** Completing the MST at Jockey's Ridge © Carter Worthy; **Bottom right:** Final steps on the MST © Sandy Padden; **Bottom left:** 2022 Gathering of Friends at Lake Junaluska

partners to prepare for the Year of the Trail in 2023, a year-long celebration of all trails across North Carolina and an opportunity to encourage every North Carolinian to find and explore a trail near them. The coalition held a kickoff party in December and planned many First Day Outdoors events for January 1, 2023 to officially launch Year of the Trail.

Organizational Changes for Friends of the MST

In early 2022, Kate Dixon officially retired from the organization as Executive Director and Brent Laurenz stepped into the role. Later in the year, Friends of the MST promoted Betsy Brown to Associate Director and added a brand-new staff position when Sherri Seagroves joined the team as Membership and Engagement Coordinator, bringing the staff to a total of six people.

In 2022, we thanked John Lanman and Julie “Jester” Gayheart for their service on the Board of Directors. John served on the Board for many years and has been active with the Mountains-to-Sea Trail for decades. We also welcomed several new members to the Board of Directors in 2022 — Jerry Barker (returning to the Board), Bob Dillard, Larry Humbert, Randy Johnson and Beverly Scarlett. The Board of Directors also officially approved a committee focused on our work around Justice, Equity, Diversity and Inclusion and another looking at how to improve the hiker experience.

We’re grateful for everyone’s support of the Mountains-to-Sea Trail, whether as donors, volunteers, hikers or just someone who shares their love of the trail. It’s so meaningful for all of us to be part of the MST community and it wouldn’t be possible without the support of everyone who cares for the trail and contributes to its success in their own way. Thank you for your unwavering support.

THANK YOU

Thank you to each of the **1100+ volunteers** who together worked more than **44,023 hours** to build and maintain the Mountains-to-Sea Trail in 2022. Those volunteers worked in 21 task forces—each responsible for building and maintaining a different section of trail.

VOLUNTEER HOURS

Alamance Task Force	1,470	Friends' Office	380
Alleghany	90	Friends' Board	453
Ashe County	1,185	Grandfather	657
Bald Knob	142	Greensboro & Eastern Guilford	1,411
Central Blue Ridge	4,389	High Peaks	132
Carolina Mountain Club	16,693	Orange County	1,470
Coastal Crescent	791	Outer Banks	53
Croatan/Carteret County Wildlife Club	1,090	Pilot Mountain & Hanging Rock	738
Elkin Valley Trails Association	3,608	Sauratown	812
Eno River	749	Trail Angel	428
Falls Lake	6,409	Watauga	477
		Western Guilford	399

From left: Volunteer workday in Segment 4 © Donnie Williams; Rebuilding boardwalk © Greg Yahn

The **HONOR ROLL** below recognizes volunteers who contributed 75 hours or more to build, maintain, and promote the trail in 2022.
